**CHAUFFEURS PROVIDE WORRY-FREE DRIVING** — Most of the time when something sounds too good to be true, it is. But Chauffeurs 4 Hire might just be the exception. Imagine having a trusted driver ready to take your elderly parent to a doctor's appointment, or a driver who will drive you to your own appointment and then get the oil changed in your car - or run other errands for you - before returning to pick you up. Or, what if there was someone who could pick up a corporate client at the airport and show them some residential areas they may be considering for relocation, before driving them to the office for meetings. And the list goes on.

Last spring, Dan Matsko opened Chauffeurs 4 Hire to take the worry out of any driving situation for clients throughout Northeast Ohio. Their drivers use clients' cars, including rental vehicles. Their motto: Your car + our chauffeur = no worries.

"We personally interview all our drivers," said Dan. "We run background checks and criminal checks, conduct drug tests and look at their driving record. I'm not going to send any driver to a client's house if I have not personally interviewed them."

Chauffeur 4 Hire drivers are available at any hour of day or night and the company will do their best to accommodate driving needs on short notice. Clients can request a specific driver, and can specify whether they prefer the driver to wear a suit, tux, or casual professional clothing.
